

Baubereich-Filter in Planning View

Filtern nach Baubereichen in Planning View im Operations Portal. Damit können Benutzer nach den für Sie relevante Bauabschnitte vorauswählen, um im täglichen Arbeiten besseren Überblick zu bekommen.

The screenshot displays the Planning View interface in the Operations Portal. At the top, a date range from 02.03.2020 to 30.08.2020 is shown, along with a calendar icon and a '1' icon. Below this, there are navigation options for 'Aufgabensicht' (Task View) and 'Planungssicht' (Planning View), with 'Planungssicht' being the active view. A 'FILTER' dialog box is open, titled 'Filtern der Baubereichen mit Mehrfachauswahl' (Filter construction areas with multiple selection). The dialog lists various construction areas (UG, EG, OG 1, OG 2, OG 3, DG, TRH) with checkboxes, some of which are checked. The background shows a Gantt chart with columns for 'KW 13' and 'KW 14'. On the left, there are labels for 'AUSBAU A', 'OG 1', and 'OG 2'. The main area contains a grid with rows labeled T5, T6, T7, and T8.
